

KNIPEX Quality – Made in Germany

Compact and robust: The KNIPEX CoBolt® family

Most bolt cutters derive their brutal cutting power mainly from their large size. Much unlike the “pocket bolt cutters” of the CoBolt® family: They are handy and get the job done! In compact sizes of 160, 200 or 250 millimetres, they cut through even the hardest piano wires, thanks to precision cutting edges and efficient joints.

The practical gripping surface assists in gripping and pulling wires

The integrated opening spring in the 32 series models (e.g. 71 32 200) make frequent cutting easy: can be locked quickly for safe transport

Optimum access:
With its slim head, the KNIPEX CoBolt® cuts where other bolt cutters will not even come close.

**20°
angled head**
on KNIPEX CoBolt®, e.g. 71 41 200, enables cutting close to surfaces – no injury to hands on rough walls!

KNIPEX CoBolt® S – with recess

Tiny titan with 25-fold leveraging of hand strength – just right for round material

- ▶ Heavy-duty cutting edge with recess slices through the hardest round materials in only one cutting action
 - ▶ Extremely high cutting performance in a convenient length of 160 mm
 - ▶ Small, slim head for excellent accessibility
- > Compact and powerful: cuts bolts, nails, rivets etc. up to Ø 4.8 mm
 - > Cutting edge hardness approx. 64 HRC
 - > Less physical effort due to efficient lever action mechanism
 - > Slippage of cutting material reduced by lasered cutting edge
 - > With gripping surface below the joint for gripping and pulling wires from Ø 1.0 mm
 - > Blades with recess for easier cutting of larger cross-sections thanks to better leverage close to the fulcrum
 - > Chrome vanadium heavy-duty steel, forged, multi stage oil-hardened

71 31 160

+ **NEW**
With recess in the cutting edge

Ideal for round materials: the KNIPEX CoBolt® with recess

The recess enables round materials to be placed closer to the joint when cutting. The improved leverage makes easy work of cutting through even very hard materials with less effort.

Available in lengths of
160 mm – item no. 71 31 160
200 mm – item no. 71 31 200
250 mm – item no. 71 31 250

Ideal for flat materials: the KNIPEX CoBolt® without recess

The cutting edge without the recess provides optimum cutting for flat materials. The lasered cutting edge also keeps the cutting material from slipping.

Available in lengths of
160 mm – item no. 71 01 160
200 mm – item no. 71 01 200
250 mm – item no. 71 01 250
