

KNIPEX Quality – Made in Germany

**NOW
AVAILABLE**

KNIPEX Insulated Forged Wire Stripper

Strips and cuts wire • 1000V Insulated ASTM

Wire looping groove

Wide tips for twisting wires

Strips solid and
stranded 20 – 10 AWG

Locating ridges make it easy to
find stripping holes

Shear cutting blades cut NM-B,
battery cable and BX/MC

Non-threading screw cutting

1000V insulated, multi-component grips,
ASTM-tested

 **1000 V**
ASTM F1505

KNIPEX Forged Wire Strippers

- Cuts 6-32 and 8-32 screws without threading
- Strips 20 – 10 AWG wire – both solid and stranded

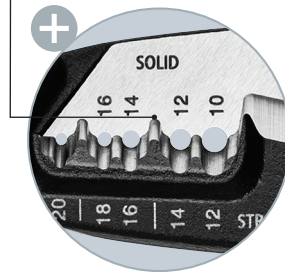

- > Locating ridges make it easy to find stripping holes
- > Bolted joint for precise and smooth cutting
- > Induction-hardened blades and screw shear
- > Knurled jaws for better grip
- > Shear cutting blades offer 50% higher cutting capacity
- > Wire looping groove to loop wire for attaching to screws
- > Conduit reaming for removing burrs
- > Lock available on the non-1000V insulated tools for easy transport
- > High-grade special tool steel, forged, multi-stage oil-hardened
