

KNIPEX Quality – Made in Germany

KNIPEX TubiX® S - Pipe Cutter

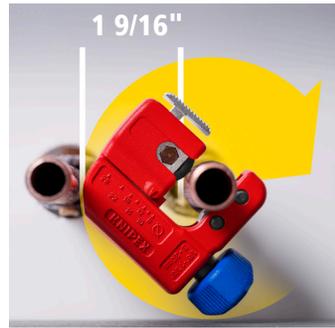

Maximum results in minimal spaces

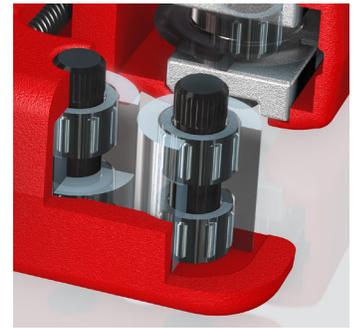

KNIPEX TubiX® S – Pipe Cutter

At just 3" this simple and easy to use pipe cutter fits right in your pocket

- ▶ Minimal cutting radius for cutting pipes in confined spaces
- ▶ QuickLock mechanism allows for single-handed adjustment to securely hold and clamp onto the pipe
- > Cuts copper and stainless steel pipes from Ø 1/8" to 1-1/8" (3 - 30 mm) and a wall thickness up to 5/64" (2 mm)
- > Pipe diameter can be preset with the scale and clipped onto the pipe
- > Spring-loaded cutting wheel for quick and precise positioning
- > Five needle bearings for easy cutting
- > Optimized turning knob with textured thumb recess provides 20% higher torque and prevents slipping
- > Spare cutting wheel stored in the knob for quick replacement
- > Cutting wheel made of high-quality ball bearing steel

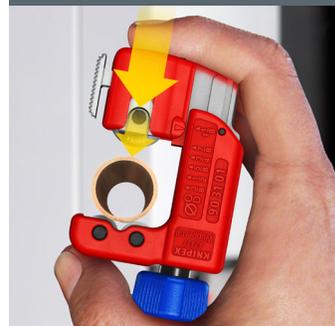

Minimal cutting radius for cutting pipes in confined spaces

Five needle bearings for easy cutting

QuickLock: one-handed, quick and secure hold and clamp onto the pipe

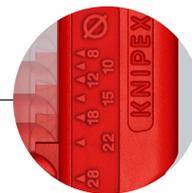

Simply push down to the pipe diameter

Preset the pipe diameter before clipping it onto the pipe

Spare cutting wheel in the turning knob

Pipe diameter can be preset with the scale for easy clipping of the TubiX® S to avoid dropping within enclosed spaces

QuickLock
